Manufacturer's Declaration

Control Valves Series 8C and 6N

With this the manufacturer

**ARCA Regler GmbH
Kempener Straße 18
D-47918 Tönisvorst**

confirms, that on the control valves series 8C and 6N
DN 15 – 200 (1/2" – 8")
PN 16 – 40 (ANSI Class 150 – 300)

That the objective evidence of the conformity with the requirements of
'TA-Luft*', Clause 5.2.6.4. „Absperrorgane“, based on VDI 2440
("Emissionsminderung Mineralö raffinerien – November 2000")

has been proven with the test report 2009-TAL-01.

The stuffing box system leakage detected by direct vacuum helium test
method has been proven to be less than 10⁻⁴ mbar·l/(s·m).

* "Erste Allgemeine Verwaltungsvorschrift zum Bundes-Immissionsschutzgesetz,
-technische Anleitung zur Reinhaltung der Luft, clause 5.2.6.4" dated 24.07.2002)
