

Declaration of Incorporation

for partially completed machinery under the terms of the Machinery Directive 2006/42/EC, Attachment II, No. 1 B

We herewith declare that with serially produced ARCA valves

Designation: - Control valves
- On/Off valves
- Three-way valves
- With free stem end (without actuator)
- With diaphragm / electric actuator

Product range: 8C, 6N, 6H, 100, 110, 120, 130, 140, 160, 170, 180, 200, 220, 230, 250, 280, 340, 350, 380, 391-813, 400, 410, 430, 440, 510, 520, 540, 550, 560, 570, 580, 811, 812, 813, 830, 840

Manufacturer: ARCA Regler GmbH
Kempener Str. 18
D-47918 Tönisvorst, Germany

1. the following fundamental requirements are applied and observed according to Attachment I of the Directive specified above:

General principles no. 1 - No. 1.1, 1.3, 1.5, 1.7, 2.1, 3.4, 3.6, 4.1 and 4.2.

2. operation must only be carried out when observing the operating and maintenance instructions.

This partially completed machine should only be commissioned after it has been determined that the machine in which this partially completed machine should be installed complies with the stipulations of the Machinery Directive 2006/42/EC, whenever applicable.

The special documents have been compiled according to attachment VII, Part B of the Directive.

Where applicable, the authorities responsible will be provided with the above-mentioned special technical documents per post.

Technical specifications used: EC Directive 2006/42/EC

Harmonised standards: PED 97/23 EC, EN12516

Mrs. Martina Weyergraf is authorised with compiling the technical documents.

Place, Date: Tönisvorst, 17. March 2010
